They may have grounds to be concerned because many of the other students and their families seem shady, and everyone seems to have a bad agenda. Dealing with the assimilation of the aliens who have come to Earth, while fending off advances from a variety of Hollywood types, seems like Kitty’s biggest challenge. But then she and Jeff discover that Stephanie Valentino—Jeff’s niece and the true Heir Apparent to the original Mastermind— is back. And can they also find time to be part of the most truly terrifying organization they’ve ever encountered—the school’s parent-teacher association?

Eliza needs her mind clear and sharp if she’s to catch the murderer responsible for killing off the city’s most eminent scientists, one by one. At the heart of each death lies clues to a machine that shouldn’t exist, one powerful enough to destroy the world. But as the mystery begins to unravel, Eliza discovers her own enemies are closing in, driving her to desperate measures in order to thwart the killer. And Lizzie’s no help.

BOOK #2 $35.00 TRADE P/BACK
Book #1 The Lady By His Side. With his older brother’s betrothal announced, Lord Michael Cynster is freed from the pressure of familial expectations. However, the allure of his previous hedonistic pursuits has paled. Then he learns of the mission his brother, Sebastian, and Lady Antonia Rawlings have been assisting with and volunteers to assist by hunting down the hoard of gunpowder now secreted somewhere in London. Michael sets out to trace the carters who transported the gunpowder from Kent to London. His quest leads him to the Hendon Shipping Company, where he discovers his sole source of information is the only daughter of Jack and Kit Hendon, Miss Cleome Hendon, who although a fetchingly attractive lady, firmly holds the reins of the office in her small hands. Cleo has fought to achieve her position in the company. Initially, managing the office was a challenge, but she now conquers all in just a few hours a week. With her three brothers all adventuring in America, she’s been driven to the realization that she craves adventure, too. When Michael Cynster walks in and asks about carters, Cleo’s instincts leap. She wrings from him the full tale of his mission—and offers him a bargain. She will lead him to the carters he seeks if he agrees to include her as an equal partner in the mission. Horrified, Michael attempts to resist, but ultimately finds himself agreeing. Then she delivers on her part of the bargain, and he finds there are benefits to allowing her to continue to investigate beside him.
